https://github.com/cch5ng

Front End Web Developer who loves JavaScript and user interfaces. I am making a transition from Software Technical Writer. I like to create a simple and fun user experience.

Skills

Languages: JavaScript (native), HTML5, CSS3, SASS, Python

Frameworks & Libraries: jQuery, React, Angular.js, Knockout.js, Bootstrap, Meteor, Jasmine
Databases: MySQL, MongoDB
Other: Git, Webpack, i18n, Processing, Photoshop

Projects

Recipe Box. Recipe list application.

Skills used: React, SASS, Local Storage. Tools: Webpack.
Source: https://github.com/cch5ng/recipe-box

Markdown Editor. A web editor for Markdown with preview.
Skills used: React, SASS, ES6. Tools: Webpack.
Source: https://github.com/cch5ng/markdown-editor

Front End Web Interview. A web application that creates a random set of technical interview questions. Skills used: Angular.js, JS promises, responsive design.
Source: https://github.com/cch5ng/angular_front_end_interview/tree/gh-pages

Westwood Faves. Map application with search. Skills used: Google Maps API (Places library), Mediawiki API, Knockout.js, AJAX.
Source: https://github.com/cch5ng/udacity_p5-minicourse-ajax-project/tree/gh-pages

Work

Code Reviewer at **Udacity.com** (contractor) 4/2015 - present
Review and comment on student software projects for Udacity's Front End NanoDegree program. Provide tips on best coding practices for HTML, CSS, JavaScript.

Technical Writer/Trainer at **Mitratech Holdings** (Los Angeles, CA) 10/2006 - 10/2010
Created Web Service Developer's guide (Java API) and edited Administrator's Guide (HTML/PDF). Reported software bugs found during document testing.

Technical Writer - **HealthCare Partners, Avega Software, iNuntius Inc.** 4/2001 - 7/2006
Implemented project for help internationalization (scripted conversion between XHTML, Text, and Excel formats). Converted HTML help to JSP to deliver context-sensitive help topics. Created end-user and administrator online help, and troubleshooting guides for web messaging application.

Education

Front End Web Developer Nanodegree   Udacity.com

B.S. Psychobiology, B.A. English Literature   UCLA
I've taken additional online courses in computer science and web development (https://linkedin.com/in/cch5ng).
